CARDVENTURE PRAGUE 2026

VISITOR AND EVENT RULES

7 November 2026 | Prague Congress Centre

Welcome to Cardventure Prague 2026! Our aim is to provide a safe, fair and enjoyable environment for collectors, vendors and all other visitors. We ask everyone attending to respect the following rules.

1. ADMISSION AND GENERAL RULES

- Admission is permitted only with a valid ticket or appropriate accreditation. Early admission from 8:30 a.m. is reserved for Fast Track ticket holders; standard admission begins at 9:30 a.m.
- All attendees must follow the instructions of the organisers, security staff and Prague Congress Centre personnel.
- Aggressive behaviour, harassment, threats, theft, fraud and deliberate disruption of the event will not be tolerated.
- The organiser may refuse admission or remove anyone who seriously breaches these rules or endangers the safety of others.

2. BUYING, SELLING AND TRADING CARDS

- Official sales spaces are reserved exclusively for vendors and exhibitors registered in advance.
- Visitors may occasionally buy, sell and trade collectible cards with one another, particularly in the designated Trade Zone.
- The Trade Zone must not be used for unregistered commercial stalls or ongoing business sales.
- All transactions must be voluntary, transparent and free from pressure. Before completing a deal, we recommend checking the authenticity, condition and approximate value of the card, for example using Cardmarket or completed sales data.
- The organiser is not a party to private transactions and does not handle their settlement or related complaints.

3. COUNTERFEITS AND DISHONEST CONDUCT

- Knowingly selling or offering counterfeit items as genuine products is prohibited, as is deliberately concealing significant defects or engaging in other fraudulent conduct.
- Replicas, proxy cards and unofficial products must not be represented as genuine. Any sale of such items by registered vendors requires the organiser's prior approval.
- If you have doubts about a card's authenticity, we recommend that you do not complete the transaction and instead contact the organisers.
- Where there are reasonable grounds to suspect fraud, the organiser may require the conduct to stop and contact security staff or the Czech Police.

4. UNDERAGE VISITORS

- Visitors under 18 may attend without an accompanying adult. Adult supervision is recommended for children under 10, but is not mandatory.
- Parents or legal guardians are responsible for arranging appropriate supervision of minors, taking into account each child's age and maturity.
- We recommend that visitors under 18 make higher-value purchases, sales or trades only with the knowledge and consent of a parent or legal guardian.

- The organiser does not provide individual supervision of underage visitors.
- Exploiting the inexperience, lack of knowledge or age of younger collectors is prohibited. The organiser may take proportionate action if dishonest conduct is suspected.

5. PERSONAL BELONGINGS AND VALUABLES

- Keep cards, binders, backpacks, wallets and other personal belongings under your supervision at all times; do not leave them unattended.
- Handle other people's cards and collections only with the owner's permission and in accordance with their instructions.
- The organiser does not provide storage for personal collections and is liable for loss or theft only to the extent required by applicable law.
- Report theft or suspicious behaviour immediately to the organisers or security staff.

6. BOX BREAKS, COMPETITIONS AND PROGRAMME

- Individual activities are subject to their own rules and the organisers' instructions.
- Participation in paid Box Breaks is reserved for eligible spot holders; an event admission ticket alone does not include participation in a Box Break.
- Please respect the schedule, designated areas and instructions given by hosts and moderators.
- The organiser may make reasonable changes to the schedule or programme for organisational or technical reasons. Competitions and prize draws may be subject to separate rules.

7. SAFETY AND VENUE RESTRICTIONS

- Smoking and the use of electronic cigarettes are permitted only in areas expressly designated by the venue operator.
- Weapons, fireworks and other dangerous objects or substances must not be brought into the venue.
- Admission may be refused to anyone whose behaviour while under the influence of alcohol or other substances endangers others or disrupts the event.
- Do not obstruct emergency routes, exits, stairways or passageways. In an emergency, follow the instructions of security staff.
- Unauthorised access to technical and non-public areas is prohibited. Animals are subject to the venue's rules; the rights of people accompanied by assistance dogs remain unaffected.

8. PHOTOGRAPHY AND VIDEO

- Photographs, videos and live streams may be recorded during the event for documentation and promotional purposes in accordance with applicable law.
- If you do not wish to be deliberately featured in a close-up shot, please inform the photographer, camera operator or an organiser.
- When taking your own photographs, respect the privacy of others. Close-up images of children should be taken only with the consent of their legal guardian or authorised accompanying adult.
- Commercial filming and organised promotional activities require the organiser's prior consent.

9. LIABILITY AND INCIDENT REPORTING

- Attendees are responsible for their own actions and any damage they cause in accordance with applicable law.
- The organiser does not guarantee the authenticity, quality, condition or market value of items offered by individual vendors or visitors. Each seller remains responsible for their own legal obligations.
- In the event of a safety incident, suspected theft or fraud, contact the organisers or security staff immediately.

10. FINAL PROVISIONS

- These rules apply to event attendees to the extent permitted by applicable law. Visitors must also comply with the operating and visitor rules of Prague Congress Centre.
- The organiser may issue additional organisational and safety instructions, particularly in emergencies.
- By entering the event, visitors acknowledge that they have had an opportunity to familiarise themselves with these rules and agree to comply with them.
